File No. Medical Council III/51(1)

Gen. 194 s.

648-B

Office of the R.L.A.

Two revised draft notifications in place of Local Self Government and Public Health Department drafts are sent herewith.

The interpretation put on rules 4(1), 9(2) and 10(1) by the Registarar, Bombay Medical Council (pp.13-14) does not appear to be correct. The intention of the Rules is to prescribe the minimum period that should elapse between the two relevant dates. For instance, in rule 4(1) the minimum period that should elapse between the date of the publication of the roll and the date of the counting of votes should be 105 days. If the intention is otherwise, the rule should be changed.
